

The Brooke Bag

Fabric and Supplies Requirements

Oh how fabulous you'll look with this fantastic bag on your shoulder. It's couture for sure when you make your own fabric selections. Make it just your style by coordinating it with the colors in your wardrobe. With so much space in this bag, you'll be able to pack in everything you need for any occasion or outing! It makes a great craft tote or carry on bag too!

*This bag was named after my best friend Brooke and it's every bit as unique and cute as she is!
(She has a thing for cute bags!)

Fabric: Be sure and buy fabric in at least a 44/45" width.

- * 1 yd. for the outside of the bag & the inside pockets
- * 1/2 yd. for the accents & cell phone pocket on the outside of the bag
- * 1 yd. for the handles & the inside of the bag
- * 2/3 yd. of heavy canvas or Pellon iron on interfacing for the inner lining

Other Supplies:

- * A spool of matching thread
- * 4 grommets or eyelets in at least 3/8" size
- * A **LARGE** button for the button closure on the front of the bag

Note: Vintage clothing is a really cool way to find some amazing buttons!
 (Grandma's blouses hmmm....)

- * 1" of 1/4" sew on Velcro

* You may want to purchase a heavy duty needle for your sewing machine because there will be times when you will be sewing through several layers of fabric including the heavyweight canvas.
