

# INDYGO JUNCTION

Pajama pattern with three different sleeve and pant variations. The top pulls easily over the head even while buttoned. The three sleeve variations include a subtly curved short sleeve, a flared three-quarter sleeve with accent band, and a three-quarter length trimmed with contrasting binding. The comfy elastic waist pants may be finished in any of the three bottom leg styles; an ankle length version which has been slightly gathered into a contrasting binding, a somewhat flared, mid-calf pant and a mid-calf pant with a wrapped lower band.
