

The Sylvia Sling is Serendipity's version of the popular hobo bag. Our design features a soft sided bag with 3 style options to showcase your choice of fabrics. The narrow side of the bag uses a stiff stabilizer so that the bag stands nicely on its own. There are lots of interior pockets to help keep you organized and a zipper closure to keep stuff in its place. The wide comfortable handle sits nicely on the shoulder and has options for a buckle, button, or decorative flower closure.

<i>Fabric and Stabilizer Requirements</i>	Main Fabric	Contrast
Choose A Side:		
One Piece	1/3 yd	
Two Piece: Horizontal with Bottom Contrast	1/4 yd	1/6 yd
