

The Bib Boutique

Supply List

Terry cloth: 1/2 yd for a toddler bib or 3/8 yd for an infant bib, 1/4 yd for a burpcloth. You will be able to make 4 bibs out of 45" wide fabric or 6 bibs out of 60" wide fabric. You may also use a bath towel to make 4-8 bibs depending on the towel size and bib size.

Backing Fabric (cotton or flannel prints): 1/2 yd (toddler), 3/8 yd (infant), 1/4 yd (burpcloth). You will be able to make 4 bibs out of 45" wide fabric and 6 bibs out of 60" wide fabric.

Bias Tape (1/2"-5/8" wide, double fold): 1-3/8 yds (infant), 1-3/4 yds (toddler), 1-1/2 yds (burp cloth) (Yardage given for an individual bib or burpcloth, so please multiply yardage times how many bibs you are making.)

Transfer Web (such as Wonder Under or Sure Stick for positioning appliques): each bib will take no more than 1/4 yd, but if you want to do several, we recommend getting 1 yd.

Tear Away Stabilizer -1/2 yd will do several bibs. This is placed under the applique to help make satin stitching easier.

Velcro (3/4" wide)- 1/2 yd will do 12 bibs. We recommend the Soft and Flexible Velcro if you can find it.

Applique Fabrics

These are suggestions only- please feel free to use your imagination! Small prints work nicely, and we like to use the backing fabric as part of the applique wherever it makes sense.

Apple	5" x 5" red, scrap brown, scrap green
