

The Mandarin Jacket is an exotic addition to the MacPhee Workshop line of patterns. It has dropped shoulders, Mandarin collar, sleeves gathered into cuffs, point detail at the lower centre back, an uneven hem line, side slits, and, of course, a unique crisscross front closure. Patch pockets are optional. Front bands add to the color blocking possibilities. When the jacket is worn open the fronts drape very flatteringly. This jacket works well in any soft, drapeable fabric including knits, rayons and so on.
